obstructions in the failure to file federal political campaign contributions by TimeWarner, HBO,
Time Warner Cable and MNN to the Hillary Clinton Presidential Campaign of 2016 in the form of:
(1) Rep. Nadler's District to Broadcast an illegal 12 Hour Marathon Get Out the Vote for Hillary
Clinton over MNN's 501(c) Public Access Network during the General Elections 2016 (& 2012)

Representatives Carter, Scalise, Gowdy and Hensarling, I ask your good offices, to transmit copies of this affidavit to FEC Acting General Counsel Lisa Stevenson to create a Congressional record with regard to

(1) the illegal transmission of a 501(c)(3) Public Access TV Broadcast 12 Hour National Broadcast by Time Warner Cable to get out the Hillary General Election Vote on November 8, 2016 and also on November 6, 2012 and

(2) coverup of the illegal transmission by New York City Borough President Gale Brewer and Comptroller Scott Stringer by SDNY Judges Loretta Preska and Sullivan conducting a Secret "No Court" and physical attacks, retaliation for reporting 12 Hour Hillary Marathon

1. First, FEC Commissioner Walther, let me openly apologize to Rep. Steve Scalise for not realizing (i) the illegal election broadcast worldwide and carried nationally was a nexus for the assassination attempt on June 14, 2017, (ii) The AT&T Merger with Time Warner and the Savage Assault of Radin/Arrest of Loren on January 28, 2016 for the Comcast Merger with Time Warner Cable, were both connected by the AT&T Time Warner Lockheed Martin Monopoly of Surveillance Video Broadband over the Power Lines Monopoly that currently transmits to Homeland Security Mega Command Center at 67 Cadman Plaza East Brooklyn, NY, via the Monopoly Targeted Transmission Corridor in Rep. N. Velazquez' District using the stolen patents IVIEWIT Scaling Patents from inventor Eliot Bernstein, (iii) Inter-Con Security information agents within the Capital Police Force present at the assassination attempt (iv) Rep. Scalise, your staff has asked me to contact the FBI regarding your assassination attempt, and I ask your kind offices to transmit this letter to FBI Dir. Chris Wray on my behalf, as both of us seem to have "skin in the game" of actions involving the Broadband Power Line Monopoly.

2. On the November 8, 2016 General Election, Manhattan Neighborhood Network (MNN), a 501(c)(3) Public Access Corporation, and New York City Manhattan Borough President Gale Brewer (also a MNN Board Member), in Rep. Nadler's Manhattan Westside District, did unlawfully seize and ban Loren's Live Booking and Broadcast from Studio One for the illegal purpose of political speech, a 501(c) (3) Nationwide 12 Hour Marathon to Get Out the Vote for H. Clinton hosted by Chris Gethard and silently produced by TimeWarner/HBO Apatow, over 501(c)(3) Public Access Stations linked through Denver Colorado and organized by the Alliance for Community Media in Washington DC. A similar transmission and theft of studio time/space was done on the November 6, 2012 General Election for the benefit of President Barack Obama's re-election campaign causing Loren to transmit from the closed studio.

3. At the time of the 2016 General Election Illegal MNN political speech broadcast, (i) NYC Manhattan Borough President Gale Brewer (a MNN Board Member) acted both as a NYC Elected Officer and MNN Board Member in the banning of TV Producer Loren and many other producers, that was (a) brought to her direct attention at meetings in her NYC Office in 2014 attended by several MNN Producers attempting to unionize against the bannings, and (b) resulted in MBP/MNN Board Member Gale Brewer's Chief of Staff Drafting a letter to MNN Exec. Director Dan Coughlin regarding the BANNING of Producers WITHOUT HEARINGS, (ii) had entered third party agreements with MNN's Dan Coughlin and HBO TimeWarner to produce content from Pacifica/WBAI archives and Amy Goodman, (iii) Warner Bros was designated as the lead studio replacing SONY in Project Goliath Monopoly of Broadband distribution of content by the 7 major US film studios.

4. Loren objected to MNN and NYC Officials' actions and filed with the FCC and the IRS over Loren's Live Studio One Broadcast seizure, during the General Election of 2012 & 2016, and at other crucial Get Out the Vote times, and retaliation by MNN and MBP Scott Stringer (now NYC Comptroller) and MBP Brewer busting up meetings using Inter-Con Security and NYPD at MNN with Loren's complaint documented with the FCC Commissioner.

5. Loren objected the undisclosed and illegal campaign contribution to the Hillary Clinton Presidential Campaign by The Senate Majority PAC (SMPAC) that involved (i) the sale of MNN's Channel 57 & 537 West 59th Street Building as a side deal for the Al Gore/Comcast Merger with Time Warner Cable of FEBRUARY 13, 2014, that included the NYC Recreation Center in the adjoining lot and necessary footprint for a 35 story luxury building, (a) put together by Robert Schumer (CHUCK SCHUMER'S brother) of Paul Weiss law firm (a major contributor to SMPAC) for a \$400 Million Fee, (b) involving Simpson Thatcher for M&A issues, (c) with the CITY OF NEW YORK UNIVERSITY'S Acquisition of the MNN Studio orchestrated by CUNY Vice Chancellor Iris Weinshall (Chuck Schumer's Wife) via the CUNY Research Foundation, 501(c)(3) entity, and financed by New York State Dormitory Authority, and (ii) now objects to conflicts of interest concerning Com. Walther with Harry Reid, that resulted in the failure to investigate illegal broadcasts/continuing threats of broadcasts by AT&T TimeWarner HBO Spectrum and MNN under the pending Broadband over the Powerlines Monopoly sought by Project Goliath.

6. The January 28, 2016 Violent Assault on Loren (i) directly followed Paula Gloria's motion to intervene with the attached July 29, 2014 smoking gun email produced at a SDNY Court Halleck Hearing before SDNY Judge Pauley that expressly outlined MNN Board Member/Manhattan Borough President Gale Brewer's actions in the banning of Public Access TV Producers at MNN, and (ii) preceded Judge Colleen McMahon, Judge Engelmayer and NYC Corporation Counsel Zachery Carters perjuries that alleged Loren author Paula Gloria's motion after Carter admitted on February 1, 2018 that Paula Gloria was the author and filed same on the Halleck Docket, (iii) Loren has filed a motion for sanctions against the City of NY's attorneys for the perjuries, addressed immediately below.

7. The CITY OF NEW YORK, MNN, Chief Judge Colleen McMahon (who presides over the Secret No Court) and Judge Engelmayer who was nominated by Robert Schumer on Senator Schumers judiciary nomination committee - All accuse Loren of making the MNN TV BANNED PRODUCER Paula Gloria's Jan 28, 2016 Motion to Intervene, wiped & deleted from the docket pursuant to a ZACHERY CARTER'S City of New York's docketed letter dated February 01, 2016 to prohibit Paula's Motion to Intervene in Halleck v. City of NY 15-cv-8141 TV Producer Banned Law Suit.

8. Loren has verified that (i) GSA Regional Counsel Carol Latterman (212) 264-8308, carol.latterman@gsa.gov admits to the proprietary ownership of the 500 Pearl Street Building leased to the GSA, however, NO DEED, NO TAXES/PRIVATE OWNER IDENTITY can be found on any federal/state or local filing, (ii) the 500 Pearl Street Building inflated rent are laundered through The Senate Majority PAC (SMPAC), (ii) the sums include the Madoff stolen trust and estate monies used to construct 500 Pearl Street through Emily's List PAC, a feeder PAC for the SMPAC, (iii) there is sufficient cause to believe that the 2018 US Senate elections of 23 Democratic female candidates will receive laundered money from the Madoff/Emily List feeder PAC and inflated rental kickbacks from the GSA by the anonymous owners of the some 200 buildings constructed between 1991 and 1994 that are rented to the Homeland Security, DOJ, FBI and Federal Court Houses.

0147006440001

9. Loren verified the Congressional Record that Rep. Velazquez and the Federal Courts rent by NON-PUBLIC GSA Lease Agreements, the privately owned building at 500 Pearl Street, one of the 200 privately owned buildings completed in 1994, to which hearings were held and chaired by Sen. Ted Stevens and Sen. McCain and which SDNY Chief Judge Brieant called the 1991 financing "smoke and mirrors" based on their illegality in financing.

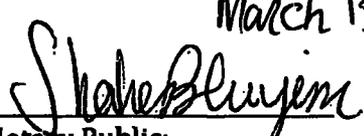

10. I would also like to affirm that the IRS "Smoke and Mirror Financing" arises from funds stolen from Trusts and Estates by the Boston/NY Madoff Ponzi Scheme that raided probate courts for monies to build these Private Buildings leased to the GSA and that I know this personally as the Executor of Evelyn Goldberg's Estate who reported Emily Madoff Madoff Ponzi Scheme in 1993 & whose husband Simon Goldberg's Estate was robbed in 1985 using false death certificates/phony Guardian ad Litema created by Madoff feeder fund Wolf Popper Law firm as reported to the IRS.

11. Rep. Carol Maloney's district received Madoff Ponzi Scheme contributions to IRS 501(c)(3) entities by Peter Madoff both in political contributions via the Lower Eastside Tenement Museum, Tisch Developer and SUNY's Meryl Tish, as has Reps. Nadler and Velazquez.

In closing, FEC Commissioner Walther and Acting General Counsel Lisa Stevenson, and Messrs. Carter, Scalise, Gowdy and Hensarling, I would like to request your kind offices to transmit official copies of this affidavit to the recipients, FBI Director Chris Wray, Rep. Nadler, and IRS Acting Commissioner and new IRS Nominee Charles Rettig for the purpose of documenting that Evelyn Goldberg did in fact report to the Federal Authorities the Madoff Scheme in April 1993 and earlier with her correspondences to the IRS from 1985 forward.

But most importantly, I would like to again, request support for a face to face meeting with Rep. Steve Scalise for the express purpose to address any continuing fears that Rep. Scalise may have concerning the assassination attempt at my mother's high school athletic field the day before the Time Warner Annual Shareholder's meeting that addressed the AT&T Merger with Time Warner for the Broadband over the Power Lines distribution of Content of the seven major motion picture studios involved in Project Goliath, as well as the thefts of my studio time and space at MNN for the purpose of illegally transmitting political broadcasts over Channel 34 and failure to file those campaign contributions amounting to millions of dollars with the FEC, and the stolen Iviewit Scaling Patents amounting in trillions of dollars of illegal profits by MPEG LA LLC, Warner Brothers, Lockheed Martin and the seven Film Studios under Project Goliath's Broadband over the Powerlines Monopoly that are not listed in the AT&T FASB filings, nor Warner Bros.

November 8, 2016 General Election - Manhattan Neighborhood Network Public Access
12 Hour Marathon Web posting announcing Chris Gethard Political Get out the Vote for Clinton

Chris Gethard is here to help you get through what's hopefully the final day of the horrific orange nightmare that's been this year's election season. From now until midnight, Gethard is hosting a live 12-hour election special on MNN, and he'll be joined throughout the day by a ton of New York comedians like Conner O'Malley, Shannon O'Neill, Jo Firestone, Connor Ratliff, and many more. Check out the livestream above, and note that Gethard has already made a big call earlier than every other news source: "We may not be the most well-researched or responsible media outlet, but unlike those big corporate media outlets, we're going with our gut here. Hillary Rodham Clinton has won. We are officially first."

Snapshot taken during 2016 election marathon in Studio One that RUA Star was scheduled for and moved to Studio Two without notice. (I also took a live video of the broadcast).

MNN blurb about Chris Gethard General Election 2012 Election Coverage

Great news! MNN's beloved Chris Gethard, host of the weekly late-night talk-comedy-variety program "The Chris Gethard Show," announced on air last night that Comedy Central has ordered a pilot episode of his show.

"TCGS," which has aired live from MNN's 59th Street studios for the past two and a half years, offers a fresh take on nighttime comedy programming, incorporating real-time interaction with viewers around the world, prolonged improv inspired by many of the cast members' roots in Upright Citizens Brigade, on-air head shaving races and innovative themes like spontaneous matchmaking and "Sum Yourself Up In a Dance Move."

During Chris's time with MNN, his show was catapulted to national and even global fame. Even while playing guest roles on "The Office" and providing content for IFC, Chris continued to bring remarkable energy and creativity to "TCGS," producing unprecedented programming like the pre-Thanksgiving "Sandwich Night" and a 12-hour marathon of 2012 presidential election coverage. In a Q&A with MNN last year, Chris called the public access network "the most punk-rock organization in the world."

Since his announcement on November 20, Chris has gotten press coverage from such notable outlets as the Huffington Post, MSN, the A.V. Club, DeadlineHollywood, and tubefilter. Chris even tweeted a picture of print coverage in the Daily News.

Watch "TCGS" Wednesdays at 11pm on MNN4 (TWC 67, RCN 85, FIOS 38 and streaming live on MNN.org), and check out the show's archives on YouTube and Blip. Congratulations to Chris and the entire "TCGS" crew!
